

2009 Tennessee End of the Year Report

The 106th General Assembly came to an end on Thursday, June 18, 2009, around 10 p.m. The General Assembly adjourned until January 12, 2010 at noon when the body will complete its second session of the year. This year the House had a major change when long-time Speaker Jimmy Naifeh was defeated by Republican Kent Williams. Speaker Kent Williams first few months were marked by turbulence when he was kicked out of the Republican Party and undergoing media scrutiny for some behavior during last year's session.

The \$29.6 billion budget passed late Wednesday, June 17, 2009, for the 2009-10 fiscal year and contains \$1.4 billion less in recurring state appropriations than originally budgeted for fiscal year 2008-2009. By another calculation, cuts total \$750 million with the use of reserves and revenue enhancements, including a \$137 million HMO tax hike. Federal stimulus money then restores all but \$230 million of the cuts, but this means a tougher round of reductions is in store next year. The budget removes 656 vacant positions and calls for elimination of 717 filled positions, most of them in mental health. Ninety-day notices of pending layoffs of workers outside mental health cannot be made before April 1st.

For TMHA, the first session of the 106th General Assembly ran rather smoothly. The administration worked with our organization to pass a state SAFE Act, and we defeated many bills that would burden our manufactured home communities.

Bills of Interest:

- Several bills were introduced by House sponsor Hardaway and Senate sponsor Marrero which would have placed a burden on owners and landlords in manufactured housing

communities. HB 128 and HB 130 by Representative Hardaway would have caused the seller and landlord to provide buyers and renters with energy audits before the transaction took place. Hardaway also sponsored legislation that requires rental agreement under Uniform Residential Landlord and Tenant Act to include, as an addendum, an energy audit of estimated energy usage at the dwelling unit

- SB 883 Ketron (HB 1922 Pitts)-revises provisions concerning manufactured homes affixed to real property including cancellation of certificate of title (banker's bill) becomes effective on July 1, 2009. This bill governs the provisions of affixation of manufactured homes to real property and the procedures that must be followed. The bill is Public Chapter 132 and was brought by the Banker's Association.
- Each year legislation is introduced that requires a seller to disclose to a buyer whether a residence has been moved from an existing foundation to another foundation. SB 993 Harper was amended to say a disclosure regarding single family homes only had to be made when the seller knew that information. The bill also advised on percolation and soil absorption rates testing.
- The administration had a rather large package concerning manufactured homes. The Department of Commerce and Insurance has oversight for this type of legislation. HB 2314 M. Turner (SB 2307 Kyle) would revise various provisions regarding manufactured homes, including provisions governing licensure for persons engaged in the business of being a manufacturer or retailer and provisions governing installation. This bill was defeated.
- Probably the biggest concern for the association was SB 2279 Kyle (HB 2316 M. Turner). This bill rewrote the Tennessee Residential Lending, Brokerage and Servicing Act of 1988 and renamed the chapter as the "Tennessee Residential Lending, Brokerage and Servicing Act" This bill made changes to the definition of a mortgage loan originator and is typically known as the SAFE Act.
- The administration passed HB 2329 T. Cobb (SB 2241 Kyle) which authorizes the state fire marshal to implement a convenience fee to cover the costs of receiving construction plans, specifications, and related fees that are electronically submitted pursuant to the laws governing building regulations. The association worked alongside the department to create a workable bill.
- One of the most anticipated bills passed this year was SB 2300 Kyle (HB 2318 Winningham). This administration bill stemmed from the work on the Governor's Energy Task Force created by the 105th General Assembly. The bill requires the department of finance and administration to develop a plan for ensuring state-owned facilities have individual energy meters by 2010 and requires that statewide building construction safety standards include provisions for energy efficiency. The bill was amended to allow counties with zoning codes to opt out. While the bill was not as strong as anticipated, it is beginning energy legislation for Tennessee.

We appreciate the opportunity to represent your interest on Capitol Hill. Please let us know if you have any questions or concerns.

BANKING & CREDIT

SB 0036*
HB 0369
[\(Full Text\)](#)

Delaying of foreclosure proceedings and eviction of tenant. Delays foreclosure proceedings and the eviction of a tenant residing in a single-family residence as long as the tenant is current on the lease payments. (S: Kyle; H: Odom)

Senate Status: Taken off notice in Senate Commerce, Labor & Agriculture 04/21/2009.

House Status: Referred to House Commerce Utilities & Banking Subcommittee.

SB 0186
HB 0235*
[\(Full Text\)](#)

Creditors to meet with debtors to avoid foreclosure. Requires a creditor to conduct an in-person meeting with debtors in default to provide options that will allow the debtor to avoid foreclosure. Specifies a creditor must do this only when he has knowledge of the following circumstances of the debtor: an immediate family member of the debtor has died or has a catastrophic illness, the debtor has become unemployed due to circumstances beyond his control, or the debtor is suffering from any catastrophic situation beyond the debtor's control that has caused extreme financial hardship. Details terms for documentation of such meetings and reporting dates. Broadly captioned. (S: Harper; H: DeBerry J.)

Amendment: House Commerce Utilities & Banking Subcommittee amendment 1, as amended, rewrites the bill. Requires a creditor to send notice by certified mail to debtor prior to first published notice of foreclosure. Requires that such certified letter include the return address of the sender. Makes applicable to foreclosures that are initiated for publication on or after September 1, 2009.

Senate Status: Taken off notice in Senate Commerce, Labor & Agriculture 05/05/2009.

House Status: House Commerce Utilities & Banking Subcommittee deferred to 2010.

SB 0711
HB 0008*
[\(Full Text\)](#)

Fee charged for pay-off statement provided to borrower. Limits to ten dollars the fee that high-cost home loan lenders can charge for any additional requests for a pay-off statement during any twelve-month period. (S: Tate; H: Hardaway)

Senate Status: Referred to Senate Commerce, Labor & Agriculture.

House Status: Held on House clerk's desk.

SB 0749*
HB 1926
[\(Full Text\)](#)

Requirements for lenders of high-cost home loans. Requires a lender of a high-cost home loan to verify that the borrower has received appropriate housing counseling. (S: Marrero; H: Richardson)

Senate Status: Taken off notice in Senate Commerce, Labor & Agriculture 04/28/2009.

House Status: Taken off notice in House Commerce Utilities & Banking Subcommittee 04/28/2009.

SB 0828
HB 0099*
[\(Full Text\)](#)

Publication of notice of foreclosure. Increases the time period for the first publication notice in the newspaper of the sale of land to foreclose a loan, mortgage, or deed of trust from 20 days prior to the sale to 90 days prior to sale. (S: Marrero; H: Moore)

Senate Status: Referred to Senate Commerce, Labor & Agriculture.

House Status: Withdrawn in House 05/07/2009.

SB 2279
HB 2316*
[\(Full Text\)](#)

TN Residential Lending, Brokerage and Servicing Act. Defines "loan processor or underwriter" as an individual performing clerical or support duties as an employee and not an independent contractor under the supervision of a registrant authorized to make residential mortgage loans. Specifies that the mortgage loan originator is the person who offers or negotiates the terms of a residential mortgage loan. Effective July 31, 2009, prohibits any industrial loan or thrift company, industrial investment company or industrial bank from making residential mortgage loans unless acting as a licensed mortgage loan originator. Requires as part of registration for mortgage loan originator to pay \$100 fee to commissioner of financial institutions and to complete application through the Nationwide Mortgage Licensing System and Registry. Prohibits an endorsement company from making any residential mortgage loans. Removes option to use letter of credit in lieu of surety bond for residential mortgage loans. Allows commissioner to require, as condition of registration or renewal for applicants that propose to make residential mortgage loans, testing and/or educational requirements to be met. Authorizes commissioner to require an applicant for a certificate of registration as an industrial loan and thrift company to consent to a criminal history records check and to provide fingerprints. Rewrites the Tennessee Residential Lending, Brokerage and Servicing Act of 1988. Renames the chapter as the "Tennessee Residential Lending, Brokerage and Servicing Act" and declares the act remedial in nature with intent to ensure a sound system of making residential mortgage loans through licensing, examination and regulation of mortgage lenders, mortgage loan brokers, mortgage loan services and mortgage loan originators and to be compliant with the federal Secure and Fair Enforcement for Mortgage Licensing Act of 2008. Defines "registered mortgage loan originator" as a mortgage loan originator who is an employee of a

depository institution, a subsidiary of a depository institution that is regulated by a federal banking institution, or an institution regulated by the Farm Credit Administration who is registered with the Nationwide Mortgage Licensing System and Registry. Prohibits any contractor or home improvement contractor or other person supplying materials and rendering services in real property improvement from making residential mortgage loans or being a mortgage loan servicer or mortgage loan broker in TN, except that the prohibition does not apply to the following: depository institution, a subsidiary of a depository institution that is regulated by a federal banking institution, or an institution regulated by the Farm Credit Administration, an individual making such loan to an immediate family member, an individual making such loan when the loan is secured by a dwelling that served as the individual's dwelling, or a licensed attorney negotiating on behalf of a client as an ancillary matter. Requires mortgage loan originator to be sponsored by a mortgage lender or mortgage loan broker and to meet pre-licensing and continuing education and written test requirements. Provides for commissioner to issue provisional mortgage loan originator licenses. Authorizes the commissioner, to require an applicant, as a condition of employment with the department, to provide a fingerprint sample and submit to a criminal background check conducted by the TBI. (56 pp.) (Part of Administration Package.) (S: Kyle; H: Pitts)

House Co-Sponsor: Turner M.

Amendment: Senate amendment 1 rewrites certain provisions of the bill. Adds that any individual acting as a loss mitigation specialist would not be required to obtain a mortgage loan originator license until July 30, 2011, or such other date as may be determined by the commissioner of financial institutions with the approval or consent of the U.S. department of housing and urban development. A loss mitigation specialist may refer a mortgagor to a mortgage loan originator for purposes of refinancing the residential mortgage loan without the license if the loss mitigation specialist does not receive any compensation or gain for the referral and the referral is made in accordance with applicable state and federal law. Clarifies that an individual performing the duties of a manufactured home retailer or a dealer of modular building units would not be required to obtain a mortgage loan originator license if: (1) The individual either holds or is employed by a person who holds a manufactured home retailer license or a license to act as a dealer of modular building units; (2) The individual does not offer or negotiate terms of a residential mortgage loan (including by counseling with respect to such terms); and (3) Neither the individual, nor the employing manufactured home retailer or dealer of modular building units, receives compensation or other gain from a mortgage lender, mortgage loan broker, or mortgage loan originator. The provisions described above in 1-3 would not apply if the U.S. department of housing and urban development determines that such individuals must be licensed under the

federal Secure and Fair Enforcement for Mortgage Licensing Act of 2008, or that these provisions are otherwise inconsistent with the Act. Prohibits any registrant from making a residential mortgage loan unless each mortgage loan originator of the loan has obtained a mortgage loan originator license and has been sponsored by the registrant. However, this prohibition does not apply to any registrant authorized to make residential mortgage loans on July 30, 2009 in which each mortgage loan originator is registered with the commissioner in affiliation with that registrant on or before July 30, 2009. The registration of a mortgage loan originator expires on December 31, 2009, unless, by such deadline, the individual has applied for a mortgage loan originator license and completed all pre-licensing requirements, in which case the registration would remain effective until the commissioner has acted on the licensure application, but no later than July 30, 2010. This amendment clarifies that a person would not be required to satisfy the initial educational or testing requirements by December 31, 2009, in order for the person's registration to remain effective. This amendment adds that the registration of a mortgage loan originator would automatically expire if the originator ceases providing services for the affiliated registrant at the office listed in the registration form. The bill authorizes a mortgage loan originator holding a valid registration certificate to extend the authority of their certificate by applying for a mortgage loan originator license and completing all pre-licensing requirements by December 31, 2009. This amendment clarifies that a person does not have to satisfy any educational or testing requirement in order to so extend their certificate. This amendment specifies that a person with such a certificate could only perform origination services for or on behalf of the mortgage lender or mortgage loan broker named in the certificate. If the mortgage loan originator provides origination services for a person other than the one named in the registration certificate, then the certificate would automatically expire. This amendment clarifies that a mortgage loan originator sponsorship would not terminate if the mortgage loan originator changes from one office of the sponsoring registrant to another registered office of the same company. This amendment requires a sponsoring registrant to notify the commissioner of any change in the mortgage loan originator's office within 14 days of the change. The bill requires mortgage loan originators to clearly show: (1) Their name, signature, any mortgage loan originator license number and any different unique identifier, on each residential mortgage loan application form; and (2) Their unique identifier on all solicitations or advertisements, including business cards or Web sites, and any other documents and materials as established by rule of the commissioner. This amendment revises these provisions to instead require the sponsoring registrant, mortgage lender, or mortgage loan broker (sponsoring agent) to ensure: (1) That each application includes the information described above in (1); and (2) That the sponsoring agent's records pertaining to the loan

contain the unique identifier (if different from the license number) of each mortgage loan originator that provided services with respect to the loan.

Senate Status: Senate 05/14/2009 passed with amendment 1.

HB 2218

[\(Full Text\)](#)

[Public Chapter \(PDF\)](#)

Foreclosure-related rescue consultant services for a fee. Makes it an unfair or deceptive act under the Consumer Protection Act to charge a fee for engaging in foreclosure-related rescue services before completing or performing all services related to any such foreclosure-related transaction. (S: Herron; H: Gilmore)

Amendment: House amendment 1 rewrites the bill and does the following: clarifies the definition of a foreclosure-related rescue consultant; specifies which businesses are not included in the definition and which services are included; requires the homeowner receive the contract in writing in at least 12 point font one day prior to the signing date; and requires the consultant give the homeowner three days to consider the agreement if he or she so desires. House amendment 2 exempts from regulation as a foreclosure-rescue consultant an attorney authorized to practice law in this state who is providing legal services to a client. Senate amendment 3 restates the definition of financial institution that is disqualified from being a foreclosure-rescue consultant to specifically include financial institutions that are state or national banks, savings institutions, credit unions, etc. Senate amendment 4 rewrites the bill. Defines "foreclosure-rescue consultant." Prohibits foreclosure-rescue consultants from engaging in or initiating foreclosure-related rescue services without execution of a written agreement with the homeowner. Prohibits the attempted charge, receipt, or collection of payment for foreclosure-related rescue consultant services prior to the completion of all services of the foreclosure-related transaction. Adds violation of this part as an unfair or deceptive act under the Tennessee Consumer Protection Act of 1977.

Energy efficient standards for building contracts. Requires that providers of services, material, and equipment in state and local building contracts meet certain, specified energy efficiency standards. (S: Burks; H: Curtiss)

Senate Status: Taken off notice in Senate State & Local Government 04/20/2009.

House Status: House State Government Subcommittee deferred to 2010.

SB 2300
HB 2318*
[\(Full Text\)](#)

Energy efficiency standards - state buildings and vehicles. Requires department of finance and administration to develop a plan for ensuring state-owned facilities have individual energy meters by 2010. Includes electric vehicles in the definition of "energy-efficient vehicle" for purposes of provisions governing fleet of state vehicles. Requires that statewide building construction safety standards include provisions for energy efficiency (Part of Administration Package). (S: Kyle; H: Winningham)

House Co-Sponsor: Hackworth

Amendment: Senate amendment 1 establishes a retrofit initiative for state office buildings to achieve better energy efficiency. This amendment also raises the target goal for the state for energy efficient vehicles. Requires department to ensure that 25 percent of newly purchased passenger motor vehicles procured for use in areas designated by the EPA as ozone nonattainment areas shall be hybrid electric vehicles, provided that such vehicles are available. Requires all future office equipment, appliances, lighting, and heating and cooling products and systems purchased by and for state agencies to be Energy Star qualified. Senate amendment 2, as amended, does the following: adds clean diesel and natural gas powered vehicles to the list of energy efficient passenger motor vehicles for purposes of the state fleet; clarifies certain language in tax and revenue section; requires the department of commerce and insurance to gather information on residential fire sprinklers; exempts remodels from any new code requirements; and clarifies that construction previously required to have sprinklers is still required to do so. Senate amendment 3 removes the provision whereby energy cost saving measures can be funded by appropriations, including the proceeds of bonds notes or other obligations, as authorized by law, when such bonds, notes or other obligations can be substantially repaid from resulting energy and operational cost savings. House amendment 21 subjects the provisions of the bill to sunset review in 2014. House amendment 22 prohibits the standards in subsection (a) with respect to one-family and two-family dwellings from applying in the counties of Fentress, Morgan, and Overton. House amendment 42 changes the effective date from July 1, 2009, to July 1, 2010, for the provision that requires the state fire marshal to enforce the minimum statewide building construction safety codes with regard to those buildings for which a local jurisdiction has not adopted and is not enforcing codes. House amendment 41 removes the provisions of House amendment 22. Authorizes counties and municipalities to opt out of the provisions of this bill that apply the minimum statewide building construction safety standards to one-family and two-family homes. To opt out of the standards, the legislative body of the county or municipality must, by a

2/3 vote, adopt a resolution to exempt the county or municipality from those provisions. The adoption of such a resolution by a county legislative body would be limited to the jurisdictional boundaries outside any municipality located within the county. The governing body of any county or municipality located in any such county which has adopted the resolution may reverse the action. The presiding officer of the governing body shall notify the state fire marshal of the approval of the resolution. Upon approving the resolution or reversing its action, the presiding officer of the legislative body must notify the state fire marshal of the actions taken. The resolution must take effect on July 1, 2010, or at any date thereafter. The resolution will expire 180 days after the election for the local legislative body next occurring following the adoption of the resolution, or at an earlier expiration date stated in the resolution.

Senate Status: Senate 06/17/2009 concurred in House amendment 2.

House Status: House 06/11/2009 passed with amendments 21, 22, 42 and 41.

Manufactured homes affixed to real property. Requires, rather than allows, the owner of a manufactured home affixed to a parcel of real property, upon the recording of the affidavit of affixation, to surrender certificate of title to the department of revenue for cancellation. Requires, in lieu of certificate of title if the manufactured home is a new home not covered by a certificate of title, the owner to surrender the manufacturer's statement or certificate of origin or a statement stating that the owner is unable to produce the original certificate of origin if it is not found after diligent search and inquiry. (S: Ketron; H: Pitts)
House Co-Sponsors: Eldridge; Curtiss; Johnson P.
Amendment: Senate amendment 1 adds a provision stating that the affidavit of affixation shall be a separate document. Removes provision

stating that the affidavit of affixation shall contain the decal number of the permit decal affixed to the manufactured home. Makes such changes as applicable to the affidavit of affixation form provided in the legislation.

Senate Status: Senate 04/16/2009 passed with amendment 1.

House Status: House passed 04/20/2009.

Other Status: Enacted as Public Chapter 0132 (effective 07/01/2009).

SB 1521
HB 0691*
[\(Full Text\)](#)

Tennessee Employer Assisted Housing Development Program.

Requires THDA to establish a program to help employers develop an employer assisted housing development program and an employer assisted housing fund. Specifies that all employees of an employer whose annual household income is equal to or less than 120 percent of the area median income are eligible to participate in the program or receive funds from it. Requires 25 percent of such aid be distributed to employees whose annual household income is equal to or less than 80 percent of the area median income. Prohibits more than 30 percent of an employer's real property being zoned as commercial or nonresidential from being used for this program. Requires real property in this state sold, leased or donated by the employer for the program to be sold or rented to employees who meet the income requirements set forth in this part and meet any further requirements set forth by the agency. Specifies that employers must designate a private for-profit or not-for-profit developer that is not an affiliate, subsidiary, or other entity of such employer to be responsible for the sale, rental, day-to-day management and operation of the housing units. Allows employers to claim a credit from the taxpayer's franchise tax liability of one dollar for the current or any fiscal year for every one dollar of the assessed value of real property contributed to or used in any such fiscal year up to \$5,000,000 annually. Permits any tax credit not used in the tax year during which the investment was made to be carried forward for the five immediately succeeding tax years until the full credit has been allowed. Allows two or more taxpayers to participate jointly in one or more programs under this part. Prohibits the sum of the tax credits granted under this subsection from exceeding \$100,000 annually per taxpayer. Also prohibits the total amount of all tax credits allowed to all taxpayers under this subsection from exceeding \$2,000,000 in any fiscal year. (S: Burchett; H: Fincher)
