

KEEPING AMERICA'S DREAM AFFORDABLE

DID YOU KNOW?

- ✓ Every Legislative Session 3,000 – 5,000 bills are introduced.
- ✓ Everyday Legislators make decisions which impact our industry.
- ✓ The wrong decision could cripple or eliminate your livelihood.
- ✓ Every year our legislative issues become tougher.
- ✓ Having a strong, well-supported Political Action Committee (PAC) is critical in propelling the industry towards its legislative goals.
- ✓ To legislative candidates, a PAC represents numbers, constituents and strength.
- ✓ The THA Political Action Committee provides a unified voice for the manufactured housing industry in Tennessee, which positions us to meet the challenges of an ever-changing legislative political environment.
- ✓ The ability of THA to impact the outcome of important decisions made by the Legislators is strengthened by our success in backing winning candidates who are industry-friendly.
- ✓ Your personal contribution is vital if we are to continue supporting industry-friendly candidates.
- ✓ Every dollar you contribute to the THA-PAC goes directly to targeted candidates.
